A technical drawing of a cylindrical component, likely a part of a mechanical assembly. The drawing shows a perspective view of the cylinder. Label 2 points to the left circular face. Label 3 points to the top edge of the cylinder. Label 6 points to the right circular face.

Figure 1 consists of two trapezoidal cross-sections of a tapered beam, labeled (a) and (b). Section (a) is the wider cross-section at the fixed end, and section (b) is the narrower cross-section at the free end. A bracket labeled '6' indicates the thickness of the beam.
